• OCCUPATIONAL CHARACTERISTICS
  (Information obtained from the US Dept. of Labor Statistics Occupational Outlook Handbook)

  Licensed practical nurses (LPNs) are trained to provide routine nursing care and allowed to perform more complex tasks under the direction of a registered nurse or a doctor. LPNs provide the most amount of time with patient care because the LPN is mainly responsible for providing direct care to the patient. LPNs care for the sick, injured, disabled or convalescent. They bring their caring, sympathetic natures to hospitals, home health care services, nursing care facilities, physicians’ offices and other health care providers and agencies.

  LPNs are responsible for monitoring the patient by taking vital signs, administering medications, applying bandages, inserting catheters, and many other assorted duties. Advanced technology has increased the demand for LPNs outside of the hospital where more jobs and more diverse career opportunities exist.

PROGRAM INFORMATION SHEET

1. The Practical Nursing program will take up the majority of a student’s time. The faculty discourages students from attempting to work while attending this program; however, we realize that some students must continue to work. Students should realize that this may affect their performance in the program.

2. Students who are successful in the program have financial arrangements in order, a supportive family, reliable transportation, and reliable childcare.

3. The Practical Nursing program’s attendance varies with each student yet follows a specific structure. Class hours are available Monday through Thursday, 8:15 a.m. – 9:30 p.m., and Friday 8:15 a.m. – 3:00 p.m. Students must attend class a minimum of 24 hours per week. Clinical hours and days will vary. There will be mandatory days scattered throughout the year.

4. Acceptance into the program for any candidate is conditional pending results of the health examination (including required immunizations), background check (includes sex offender and violent offender status), drug screening, and completion of enrollment requirements.

   a. The Oklahoma Board of Nursing has the right, as a state licensing agency, to deny students the opportunity to take the licensing examination if they have been charged, have a pending conviction, or have been convicted of a crime which includes a felony, gross misdemeanor, or misdemeanor; or have any violations related to alcohol and/or drugs. You are required to report charges or convictions that have been withheld, deferred, stayed, set aside, suspended, or entered into a pre-trial diversion, or involved a plea of guilty or no contest.

   To be eligible for the Oklahoma Board of Nursing licensing examination, the applicant must fill out the license application which asks the following questions: 1) “Have you ever been convicted of a felony, misdemeanor, or similar offense in a military court-martial?”, 2) “Have you had any license, registration, or certification denied, revoked, suspended, placed on probation, or subjected to discipline by a regulatory authority or certification board (other than the Oklahoma Board of Nursing)?”, and 3) “Have you ever been suspended, dismissed, or expelled from an educational program that you attended in order to meet the Oklahoma Board of Nursing licensing requirements?”. If your answer is “No” to all of the above, you move on to the next question. Anyone who answers “Yes” is asked to provide a detailed explanation and official court documentation of the charges. Court documentation must verify the nature of the conviction, the sentence imposed by the courts, and the current status of the sentence. Documentation for offenses not court related must also be provided. The Oklahoma Board of Nursing will rule on the impact of the violation on eligibility for licensing.

   b. Clinical sites also have a right/obligation to require a background check prior to allowing students to participate in clinical rotations. If a student (1) has been arrested, (2) has been charged, (3) has a pending conviction, (4) has been convicted of a felony, gross misdemeanor, misdemeanor, or has any alcohol and/or drug related violation, (5) has been judicially declared incompetent, or (6) has falsified records, the clinical site has a right to deny facility access. Without participation in the clinical component of the course, it will be impossible for the student to fulfill the requirements for graduation from the program and he/she will not be allowed to sit for the certification examination.
c. Oklahoma law only allows a license to be issued to US citizens, US nationals, and legal permanent resident aliens. Other qualified aliens may be issued a temporary license that is valid until the expiration of their visa status, or if there is no expiration date, for one year. Applicants who are qualified aliens must present, in person, valid documentary evidence of:

i. A valid, unexpired immigrant or nonimmigrant visa status for admission into the United States;
ii. A pending or approved application for asylum in the United States;
iii. Admission into the United States in refugee status;
iv. A pending or approved application for temporary protected status in the United States;
v. Approved deferred action status; or
vi. A pending application for adjustment of status to legal permanent resident status or conditional resident status.

d. Applicants with a positive drug screen will be denied continued admittance.

5. Students will receive tuition cost, supply cost, and the program calendar with their letter of acceptance. All expenses are subject to change.

6. A letter of intent will also be included in the students' acceptance notification. This letter of intent must be completed and returned by the designated date to complete enrollment. If the letter of intent is not received by the designated date, the student will lose his/her position in the program. The position will be filled by the next qualified alternate.

7. When students return the letter of intent, $19.00 (amount subject to change based on current costs) will be due for the background check (includes sex offender and violent offender status). This is non-refundable.

8. Each student must complete a mandatory 10-panel urine drug screen test at Integris Bass Occupational Medicine, 401 S. 3rd Street, Enid. The cost for this screening is $50.00.

9. To meet the physical factors required by the medical industry, each student must be able to perform the following:

Rev. 06/01/17
I have reviewed the Practical Nursing program information sheet.

I understand that if I am not selected, neither the nursing program nor the school is under any obligation to justify the selection.

I realize that acceptance into the program is conditional pending results of the health examination (including required immunizations), background check (includes sex offender and violent offender status), drug screening, and completion of enrollment requirements.

I am aware that arrests, charges, pending charges; convictions of a felony, gross misdemeanor, misdemeanor; being judicially declared incompetent; or falsification of records are grounds for being denied the opportunity to sit for the National Council Licensing Examination or possibly having my license revoked in the future. I am aware that the Board of Nursing considers each case on an individual basis.

I am aware that arrests, charges, pending charges; convictions of a felony, gross misdemeanor, misdemeanor; being judicially declared incompetent; or falsification of records are grounds for being denied the opportunity to participate in the clinical site rotation component of Practical Nursing. Without participation in clinicals, it will be impossible for me to fulfill the requirements for graduation.
