✔ Oklahoma's Promise Availability

Tuition is free for in-district high school students.
Tuition for in-district adults is \$2.00/hour.

*2016 Oklahoma salary ranges were obtained from O*Net OnLine

COMMUNITY WORKFORCE RESOURCE | CULTIVATING ENDLESS POSSIBILITIES

COURSE LENGTH/IN-DISTRICT TUITION

Aug-May M-F High School: 8:15-10:45am/12:30-3:15pm
M-F Adult: 8:15-11:15am/12:30-3:30pm

Tuition: In-District / Out-of-District \$1050 / \$2100 Half Day
or \$2100/ \$4200 Full Day

Who Can Enroll:

Adults and High School Juniors & Seniors

No additional cost of books and supplies.

HIGHLIGHTS

- Theory of two and four-stroke engines, including overhaul and tune-up
- Electrical theory and troubleshooting
- Fuel system theory and troubleshooting
- Work-like setting of a power products shop
- Fundamentals of customer relations

AREAS OF INTEREST & HELPFUL SKILLS

- Interest in “how things work”
- Enjoy building and repairing
- Good manual dexterity
- Able to understand theory and technical information
- Computer skills
- Willingness to pay attention to detail
- Above average math and science skills

This program is accredited by the Oklahoma State Department of Education and the Oklahoma Board of Career and Technology Education.

APPLICATION POLICY

High school juniors and seniors make application for Autry enrollment during their high school spring and/or fall enrollment (**in-district only**).

Adults make application for enrollment following the completion of high school spring enrollment (in-district only). Out-of-district adults may make application for enrollment after the completion of in-district enrollment.

ADMISSION PROCEDURES

Who can enroll: Adults and High School Juniors & Seniors

Graduating seniors and high school students submit standardized test results, attendance records, and transcripts with their application forms. Before being admitted, a career counselor will interpret the results of standardized tests and review transcripts, attendance, and behavior to determine interest and suitability for enrollment. If current standardized testing is not available, a ACT WorkKeys Curriculum assessment may be required. A personal interview will be conducted with each applicant.

Adults applying for admission must take the ACT WorkKeys Curriculum assessment if current standardized testing is not available. An Autry career counselor will interpret the results of the assessment to determine interest and suitability for enrollment. A personal interview will be conducted with each applicant.

ENROLLMENT INFORMATION

Financial Aid: There are financial aid options available for qualified students. Contact the financial aid office at Autry Technology Center for more information.

Autry Scholarship: This scholarship is available to high school graduates who: (1) live in the Autry district (2) lived in the Autry district their senior year in high school, and (3) meet enrollment guidelines. This scholarship covers 100% tuition for up to three years immediately following high school graduation. The cost of books and supplies is the responsibility of the student. Scholarship eligibility will be reviewed each semester.

Tuition: In-district high school students pay no tuition for full-time career programs. In-district adult students pay in-district rates. In-district adults are defined as post-secondary individuals who have established legal/permanent residence in the Autry district. All others pay out-of-district rates.

Expenses: May include, but are not limited to, textbooks and supplies available at <http://autrytech.edu/student-services/books-supplies/>.

The Job Developer with Autry Technology Center works diligently to match students with jobs available in industry. Any questions regarding current employment opportunities should be directed to the Job Developer.

- **SALARY RANGE**

Listed below is the salary range in Oklahoma for Power Products Technology obtained from O*Net OnLine.

2016			
	Lowest 10%	Median	Highest 10%
Hourly	\$8.06	\$11.62	\$24.34
Annually	\$16,770	\$24,160	\$50,620

- **OCCUPATIONAL CHARACTERISTICS**

(Information obtained from the US Dept. of Labor Statistics Occupational Outlook Handbook)

Small engine mechanics repair and service power equipment ranging from jet skis to chainsaws. Mechanics usually specialize in the service and repair of one type of equipment, although they may work on closely-related products.

When a piece of equipment breaks down, mechanics use various techniques to diagnose the source and extent of the problem. The mark of a skilled mechanic is the ability to diagnose mechanical, fuel, and electrical problems and to make repairs quickly. Quick and accurate diagnosis requires problem-solving ability and a thorough knowledge of the equipment's operation.

Some jobs require minor adjustments or the replacement of a single item, whereas a complete engine overhaul requires hours to disassemble the engine and replace worn valves, pistons, bearings, and other internal parts. Some highly skilled mechanics use specialized components and the latest computerized equipment to customize and tune motorcycles and motorboats for racing.

Small engines also require periodic service to minimize the chance of breakdowns and to keep them operating at peak performance. During routine maintenance, mechanics follow a checklist that includes the inspection and cleaning of brakes, electrical systems, fuel injection systems, plugs, carburetors, and other parts. Following inspection, mechanics usually repair or adjust parts that do not work properly or replace unfixable parts.

- **ACCREDITATIONS**

Oklahoma State Department of Education

INSTRUCTOR(S)

STEVE BAYLES

Steve Bayles inherited his passion for motorcycles from his father. As a technician at Cooper's Cycle Center in Stillwater, Steve received on-the-job training and was also able to earn Kawasaki and Honda certification. In 1993, Steve became the Power Products instructor at Autry Technology Center. Over the years, Steve has been able to build a vast network of contacts at businesses across the state which he uses to connect his students to jobs.
