

Adult Career and Technology students enrolled in a career program are eligible to apply for the Otha Grimes Scholarship. The scholarship is for school-related expenses and is usually offered twice a year (fall and spring) dependent upon availability of funds. Awards are determined by the Oklahoma Department of Career and Technology Education (ODCTE) Foundation and usually range from \$100 to \$500. Upon notification of scholarship recipients, awards will be disbursed through the Business Office in Student Services. Students are eligible for this scholarship more than once, but an application must be completed each fall and spring.

USE OF SCHOLARSHIP FUNDS

Any scholarships received from the ODCTE Foundation must be used for the **current semester** expenses that *directly relate* to a student attending a technology center program.

Examples of allowable expenses include: tuition, books, uniforms/scrubs, gasoline, conference registration fees, school supplies and childcare. **Examples of non-allowable expenses include:** clothes, food, rent or utilities. The scholarship funds must be applied to the students' educational expenses as identified in the application.
