THE ACADEMIC PROGRAM

Students selected to attend the Regional Center for the Oklahoma School of Science and Mathematics at Enid have achieved an outstanding record of scholarship within their local high schools. Students completing courses at the Regional Center will have experienced an accelerated curriculum, based upon high academic principles that will enhance previous knowledge as well as prepare students for future studies.

All students attending the Regional Center will participate in a one-year scholastic program of excellence with students who share similar interests. It is the nurturing of this educational community, while maintaining the local high school affiliation that is paramount to the Regional Center's success.

CURRICULUM

- **ADVANCED PLACEMENT CALCULUS BC**

AP Calculus BC is a full-year course in the calculus of functions of a single variable. It includes all topics covered in AP Calculus AB plus additional topics. Both courses represent college-level mathematics for which most colleges grant advanced placement and credit. The content of AP Calculus BC is designed to qualify the student for placement and credit in a course that is one course beyond that granted for AP Calculus AB.

- **ADVANCED PLACEMENT PHYSICS C MECHANICS**

This course ordinarily forms the first part of the college sequence that serves as the foundation in physics for students majoring in the physical sciences or engineering. The sequence is parallel to or preceded by mathematics courses that include calculus. Methods of calculus are used wherever appropriate in formulating physical principles and in applying them to physical problems. Strong emphasis is placed on solving a variety of challenging problems, some requiring calculus. The subject matter of the AP Physics C Mechanics course is classical mechanics and includes topics in kinematics; Newton's laws of motion, work, energy and power; systems of particles and linear momentum; circular motion and rotation; oscillations; and gravitation.

- **ADVANCED PLACEMENT STATISTICS**

AP Statistics is a full-year course offered to second year students after they complete AP Calculus BC and Physics C: Mechanics. The purpose of this course is to introduce students to the major concepts and tools for collecting, analyzing and drawing conclusions from data. Students are exposed to four broad conceptual themes: exploring data, sampling and experimentation, anticipating patterns, and statistical inference. Students who successfully complete the course and exam may receive credit for a one-semester introductory college statistics course.

SETTING

The setting of the Regional Center for the Oklahoma School of Science and Mathematics will be the campus at Enid. **Enid High School students will need to make transportation arrangements in order to make sure they arrive at 8:00 am.** Students will attend the courses at the Autry Regional Center in a morning or afternoon session. Morning sessions will begin at 8:00 am and end at 10:45 am. Afternoon sessions will begin at 12:30 pm and end at 3:15 pm. All classes will be Monday through Friday on the same school calendar as Autry Tech.

COST

There is no tuition for students to attend the Regional Center for the Oklahoma School of Science and Mathematics. Students are responsible for costs associated with school supplies and incidental expenses related to their course work, including AP test fees if applicable. **Enid High School students will need to make transportation arrangements in order to make sure they arrive at 8:00 am.** Students selected from outside of the Autry Technology Center sending district are responsible for making their own transportation arrangements with their home sending school.

MINIMUM ACADEMIC REQUIREMENTS

Students will be expected to maintain an overall B average for course work at the Regional Center. If a student's grade falls below a C average, the parents will be notified at that time by a progress report indicating areas of deficiency and improvements needed. Failure to improve academically may result in a meeting with the OSSM administration and Autry Technology Center administration for the purpose of determining the student's continuation in the program. The OSSM instructors, in conjunction with the Autry Technology Center administration, will coordinate communications with the local high school representative and parents or guardians to support the academic improvement of the student. Students who do not meet the Regional Center's educational and/or behavioral expectations may be asked to return to their home school.

ATTENDANCE POLICY

One of the most attractive things about the Regional Center is that it allows students to continue participating in extracurricular activities at their home schools. However, frequent absences can be detrimental to academic performance. To try and minimize the effect of extracurricular activities on the student's performance, these guidelines have been established.

1. Activity absences should be limited to no more than one in any week and no more than five per semester. If the student misses more than one day in a week, the student will be asked to schedule additional time with the instructors.
2. The student is responsible for obtaining all material covered during an absence. Assignments due on the day of an absence must be turned in early or on the day the student returns to class. Please try to avoid missing lab days because they are very hard to reschedule.
3. Attendance issues will be considered on an individual basis in cooperation with the partner school and parent(s)/guardian(s).

APPLICATION AND INTERVIEW

Admission to the Regional Center of the Oklahoma School of Science and Mathematics is a highly competitive process initiated by written application. A selection committee will review all data and select the semi-finalists. Members of this committee are the OSSM Regional Center instructors and

individuals from each in-district sending school. Letters are sent to all applicants advising them whether or not they have been selected to participate in the interview portion of the admissions process. Individuals selected to interview will appear before the committee for approximately fifteen minutes. Applicants will also be given a scholastic aptitude test. Letters will be sent to all students advising them of the outcome of the selection process within two weeks of the interview date.

STUDENTS ARE ASSESSED FOR:

- Scientific interest and aptitude
- Motivation
- Self-discipline
- Personal maturity
- Overall potential as an OSSM Regional Center student.

WHO CAN APPLY

As this is a one-year program, preference will be given to Seniors, but Juniors may also apply. Students that reside within reasonable transportation distance of Autry Technology Center may apply. Should space be limited, preference will be given to students from the (10) sending school districts that are served by Autry Technology Center and provide its tax base. The ten (10) sending schools are:

- | | | | |
|----|-------------------|-----|-----------------------|
| 1. | Chisholm | 6. | Garber |
| 2. | Cimarron | 7. | Kremlin-Hillsdale |
| 3. | Covington-Douglas | 8. | OBA |
| 4. | Drummond | 9. | Pioneer-Pleasant Vale |
| 5. | Enid | 10. | Waukomis |

DATES TO REMEMBER

Applications Accepted:

February 1 to May 20, 2022

Notification of Semifinalists:

By April 20, 2022

Semifinalist Interviews:

April 27, 2022

Notification of Finalists:

By April 29, 2022

APPLICATION AVAILABILITY

(Available on or after February 1st, 2022)

To receive a printed application, either visit Autry Technology Center in person or contact your school counselor. Applications are also available for download in electronic format at autrytech.edu. To receive one via US mail, contact us by phone at (580) 242-2750 or via e-mail at janetstrate@autrytech.edu.

OSSM APPLICATION FOR ADMISSION

All application materials must be returned to high school counselor by Friday, May 20, 2022.

(Please print or type)

TO BE COMPLETED BY STUDENT AND PARENT(S).

The information contained herein is true and accurate. If the applicant is accepted for admission to the Regional Center for Oklahoma School of Science and Mathematics, we agree to adhere to the rules and regulations of OSSM and Autry Technology Center. We also agree to permit the information in this application and in other records used to apply to OSSM to be made available on a confidential basis to the student's home school, other educational institutions, and for other purposes pursuant to the Family Educational Rights and Privacy Act of 1974, as amended, and applicable regulations.

RELEASE OF CONFIDENTIAL INFORMATION

We, the parents of the applicant, hereby consent to the release of this application to the OSSM review committee. We understand that the review committee is designed to ensure fair representation of students from across the Autry Technology Center district. The review committee is comprised of individuals appointed by sending school districts for the specific purpose to review all applications of prospective students so as to recommend students best qualified to attend the school. We understand further that this release to the review committee will not allow any other person not otherwise privileged to review this application to have access to it.

We understand that a decision not to sign this release will not affect consideration by the school of our child's application. By our signatures below, we indicate that we have read this release, understand it, and agree to the terms contained in it.

AUTHORIZATION FOR RELEASE OF EDUCATION RECORDS

In accordance with federal regulations regarding the privacy rights of parents and students under the Family Educational Rights and Privacy Act of 1974, the undersigned hereby consent to the release of all education records about the below named applicant to the Oklahoma School of Science and Mathematics, including recommendation and such other information as may be requested.

PARENT RELEASE/APPROVAL

I do hereby grant permission for my son/daughter to be examined and treated by qualified medical personnel in an emergency situation.

PRINCIPAL OR COUNSELOR RECOMMENDATION

Student Name: _____

This student is applying for admission to the Enid Regional Center for Oklahoma School of Science and Mathematics. In order to consider the student carefully, we ask the professional educators who have worked with him/her to evaluate his/her strengths and weaknesses, both as a student and as a person. Your candid assessment of this student's potential for success at OSSM is extremely valuable to the admissions process.

This recommendation should be returned to the **high school counselor** by ***Friday, May 20, 2022.*** Call Janet Strate at 580-242-2750 ext. 117 with any questions. Thank you for your assistance.

To the best of your ability, please check all that apply.
